

All required utilities like electric, gas & water must be put into the Lessee's name by the Lease Start Date. Additionally, these services must not be shut-off or disconnected at any time during your Lease Term. Utilities must stay on until the Lease End Date. Failure to comply is considered a material breach of your Lease Agreement and each occurrence will result in a *Utility Administrative Fee*.

Your utility services WILL BE OFF when your lease starts. Don't forget!

You must call and schedule your turn-on date at least two to four (2-4) weeks in advance. Your turn-on date is your Lease Start Date NOT your move-in date. In some cases, you may be able to activate your service on-line by using the provider's web site.

INTERNATIONAL RESIDENTS:

If you have not had utility service from these companies on in your name before, it is likely that you will be required to submit an IDENTITY VERIFICATION form.

Crestview strongly recommends that you contact each of the utility companies directly and submit the IDENTITY VERIFICATION form well in advance of your Lease Start Date.

INTERNET SERVICE:

Wintek provides high speed fiber optic internet connections to most all Crestview locations. Wintek offers a variety of options to choose from depending upon your needs. You can order their services at: wintekapartments.com

Comcast provides service to all Crestview locations and offers internet and other services. You may get more information on their services at their websites: www.comcast.com.

Please call us at 765-743-1881 or e-mail us at cv@cv-apt.com if you have any questions.
